Dear Ben,

I enclose the Articles of Incorporation for Oregon Cartoon Institute, a 501c3 non profit organization. Kohel Haver, the lawyer who is filing the papers, asked me to collect the signatures of the founding board members. Of which you are one!

I enclose the return postage so that you can get this document back to me, with your signature, as soon as possible.

My hope is that with your participation OCI will be able to address Oregon's rich film, animation and print cartooning history from a statewide perspective.

Thank you, Ben.

Sincerely,

Anne Richardson
