Dear Chuck

Thank you for participating in Mid Century Oregon Genius' screening of Harry Smith's Heaven And Earth Magic on Jan.16. Wonderful to have you there for a sold out house!

The print we received from Filmmakers Coop was atrocious. Dennis has already taken up the matter with MM Serra. Multiple problems with it. So the screening was not the same as the one you saw previously at the Hollywood.

On another front.....

I am pondering how to respond to Eric Isaacson's comments about Harry Smith making Heaven And Earth Magic in order to have something to show people he planned to badger for money.

I completely disagree with this analysis, so it is hard to know where to begin.

I want to encourage people to see Harry Smith's films, and come up with their own ideas about them. That being said, I can't agree with this idea! I am still figuring out what, if anything, I should say to Eric.

At any rate, I want to thank you for keeping your commentary on Harry Smith reality based!

Here is the honorarium check, as a token of our appreciation for your contribution to Mid Century Oregon Genius.

Thank you, Chuck!
